Ten day excursion tickets to St. Louis, via Frisco, only \$15.00. 140-17

IN STATE OF TERROR FLEW THIRTY FEET

Gate Broke and Fell Across the Third Rail.

ELECTRIC SPARKS SEEN

Panic Was Created Among the Passengers.

New York, May 27.—Several hundred persons were thrown into a state of terror by an accident that occurred at the Adams street station of the United Elevated railroad in Brooklyn. While there were many narrow escapes, few persons were injured. Just as the train was pulling out of the station one of the gates between the second and third cars broke from its fastenings and fell across the third rail. Immediately there was a loud report and a long continued display of electric sparks which fell into the street for nearly fifteen minutes. A panic was created among the passengers and many were knocked down and trampled upon in the mad rush for the doors. The train was made up of five cars, two of which caught fire and several of the wooden ties beneath began to burn. Firemen tried to extinguish the blaze, but the fall of the gate continued to act as an electric conductor and the whole station seemed to be on fire. The circuit was finally broken and the firemen soon had the fire extinguished. Half a dozen passengers were injured.

SHOWERS FOR TODAY

Cloudy Weather is General Over Most All Portions

The threatening weather of the past week will probably be followed by showers again today.
 Cloudy, threatening weather is still shown over the southern portion of the Rocky mountain slope, and over most of the middle plateau, but elsewhere clear weather is generally shown. Rain fell yesterday over the west and southwest, and over Nebraska.
 The area of high pressure and accompanying cold weather which is general over this section has been prevalent over the northeast territory for some time, but has moved southwestward and now overlies Kansas and Nebraska.
 A trough of low pressure stretches from Arizona northward to Montana. From the indications this depression will move to the eastward, which will cause threatening weather, with showers in this section today.

Conversational German
 by Prof. Weiss for children from the fourth grade upward. First lesson Tuesday, May 31, 9:30 a. m., in Emerson school, one block west of court house. Terms: Payment in advance, single lesson, 35c; five lessons a week, \$1.00; four weeks, \$3.50; eight weeks, \$6.00; the full course, 15 weeks, \$10.00; one lesson, 15-13 cents.

A lesson lasts at least one hour and consists of reading, writing, talking, exercises in thinking, memorizing and singing. Books, Primer, 7-3

The World's Fair
 In making your arrangements for the World's Fair at St. Louis this summer, if you consider convenience and saving of time, you will take the Wabash Railroad, as it runs by and stops at its station at the entrance of the Fair Grounds; thus saving several miles run and return, and the inevitable jam at the big Union station. By all means consider the advantages of the Wabash. 100-17

For sale, hybrid and rose trees by the hundred at from 39 to 69 cents a dozen, for commencement and Decoration day, at Fairview Green-House, corner Fifteenth and Fairview. 5-17

Dr. F. A. Houser, Specialist, has now located in Wichita. If you are a sufferer call and give him a friendly talk. Consultation free. Rooms 4-5, 236 East Douglas, over Golden Eagle clothing store. 15-17

Protect Yourself.
 Intending visitors to St. Louis during the World's Fair can assure themselves satisfactory rooming accommodations through the Merchants' Service Company at a nominal expense. For particulars apply to nearest Frisco System Agent. 156-17

Then the Machine Dropped to the Earth.

ENGINE OUT OF ORDER

Propellers Were Broken and Test Was Postponed.

Dayton, O., May 27.—The Wright flying machine, invented by Orville and Wilbur Wright, brothers of this city, who made a successful flight at Kittyhawk, N. C., in December last, has been given another test near this city which the brothers say was successful. Secrecy was maintained about the test and few witnessed it. The machine, after being propelled a hundred feet rose in the air and flew thirty feet, when it dropped. This was due, the navigators say, to a derangement of the gasoline engine that furnished power. In the fall the propellers were broken and the test could not be repeated. The Wrights decline to give any information when asked as to their future purposes.

The question of selecting your route to St. Louis is an important one. Call up Frisco passenger depot and ask for full particulars. 140-17

First Publication May 25, 1904.
LEGAL NOTICE OF SPECIAL ELECTION TO BE HELD 30th DAY OF JUNE, 1904.

Notice is hereby given that on the 26th day of May, A. D. 1904, there was presented to the board of county commissioners of Sedgewick county, Kansas, said board being duly convened in adjourned day of regular session, a petition duly signed by two-fifths (2-5) of the resident taxpayers and a majority of the legal voters of Sedgewick county, Kansas, praying said board of county commissioners to submit to the qualified voters of said county a proposition that the said Sedgewick county aid the Kansas City, Mexico and Orient Railway company by subscribing to its capital stock in the amount of eighty thousand dollars (\$80,000), one-half (1/2) common and one-half (1/2) preferred stock, and the issuing of bonds of said county in like amount, in payment of said subscription, all upon the conditions set forth in said petition which petition, signatures being omitted, is in the words and figures following, to-wit:

PETITION
The Proposition That Sedgewick County Aid the Kansas City, Mexico and Orient Railway Company by Subscribing to Its Capital Stock and Issuing the Bonds of Said County Therefor.

To the Honorable Board of County Commissioners of the County of Sedgewick, State of Kansas:
 Inasmuch as the Kansas City, Mexico and Orient Railway company proposes to construct a line of railroad into and through the county of Sedgewick, in the state of Kansas; and inasmuch as the said county of Sedgewick heretofore voted to extend aid to said railway company, which said aid will lapse and become ineffectual on December 31st, 1904;

The undersigned being more than two-fifths of the resident tax payers in said county, and being more than a majority of the legal voters of said county, respectfully petition your honorable board to call a special election in said county at as early a date as practicable and legal, and at such special election to submit to the qualified electors of said county a proposition that said county subscribe for eighty thousand dollars (\$80,000) (one-half common and one-half preferred stock) of the capital stock of said Kansas City, Mexico and Orient Railway company, a corporation duly organized and existing under and by virtue of the laws of the state of Kansas, and to issue the bonds of said county in like amount of eighty thousand dollars (\$80,000) in payment of said subscription; which said subscription, and the bonds to be issued in payment thereof, shall not exceed two thousand dollars per mile for each mile of railroad constructed in said county; that said bonds shall be each of the denomination of five hundred dollars (\$500) and numbered from 1 to 160 consecutively, each payable to the said Kansas City, Mexico and Orient Railway company or bearer, twenty years after date, redeemable, however, at the pleasure of the said board of county commissioners at any time after ten years after the date of their issue, and each bond bearing interest at the rate of four per cent per annum with semi-annual interest coupons attached, payable on the first days of January and July of each year. The principal and interest of such bonds to be payable at the fiscal agency of the state of Kansas in the city of New York.

The conditions upon which said subscription is to be made and said bonds issued and delivered are as follows: That said railway company, its successors or assigns, shall build a standard gauge railroad from a point on the north or east line of said county to a point on the south or west line thereof and through the city of Wichita, and shall build or acquire by lease or otherwise a passenger station, and shall build and maintain a freight depot in said city, of capacity and dimensions sufficient to transact all of the business of said railway company at said city of Wichita. That said railroad shall be built and ready for operation of engines and cars over the same by or before the 31st day of December, 1907, from the city of Wichita southwesterly to the Red river on the boundary line between the territory of Oklahoma and the state of Texas, and shall build its line into the city of Wichita from the southwest on or before December 31st, 1904. That the Kansas City, Mexico and Orient Railway company, its successors or assigns, shall establish and maintain in said county freight and passenger divisions, and establish, construct or acquire and put in operation in said county its locomotive or roundhouse and principal manufacturing and repair shops for its line of railway, or which all work conveniently accessible thereto shall be done, and no other principal or main manufacturing, machine or repair shops shall be established at or between Kansas City, Missouri, and the north line of Texas. Said line into or through the city of Wichita may be par-

tially operated over leased or acquired tracks.

The said machine shops to be equipped with the necessary machinery and appliances and maintained and operated by said railway company, its successors and assigns, in which shops shall be employed the full complement of men necessary, and which shops shall be erected and put in operation on or before December 31st, 1908, and the site thereof shall be in the said city of Wichita, in said county. That when said railroad is constructed and in operation from the city of Wichita southwesterly to the said Red river, bonds to the amount of that part of the line in said county so constructed and in operation shall be issued and delivered, and the remaining portion shall be issued and delivered when said line is constructed and in operation through said county as aforesaid, and southwesterly to the said Red river. That in no event shall said remaining portion of said bonds be issued and delivered until the said railway company, its successors or assigns, shall have constructed or acquired as aforesaid its said passenger station and shall have located and established its said freight depot, and established, acquired, constructed, equipped and put in operation its division terminal facilities, locomotive or roundhouse, and principal manufacturing, machine and repair shops, all as above described, in said county of Sedgewick.

And a further respectfully petition that said special election be called and held conformably to and as provided by the laws of the state of Kansas applicable thereto, and that said subscription be made and said bonds issued in accordance with the laws of the state of Kansas, Chapter 107, Laws of 1903, and the acts amendatory thereof, all contained in Article 2 of Chapter 70 of the General Statutes of said state, compiled under the authority of Chapter 136 of the Session Laws of said state of 1897, and that the form of ballots to be used at said election shall be prepared and issued as required by law and shall have printed thereon for the purpose of submitting said proposition the following language:

Shall the following be adopted? The proposition that Sedgewick county aid the Kansas City, Mexico and Orient Railway company by subscribing to its capital stock and issuing the bonds of said county in payment thereof.

And said board of county commissioners, upon presentation of said petition, found that the same was in due and legal form, and was signed by more than two-fifths (2-5) of the resident tax payers and a majority of the legal voters of said Sedgewick county; and said board of county commissioners thereupon granted the prayer of said petition and ordered that a special election be held at the legal voting places in said county on the 30th day of June, 1904, to determine whether said subscription shall be made, and whether said bonds be issued in payment of said subscription, upon the terms and conditions set out in said petition.

And said board of county commissioners further ordered that in the event a majority of the voters at said special election cast their ballots in favor of said proposition, then the county clerk of said county shall forthwith for and on behalf, and in the name of said Sedgewick county, subscribe for eighty thousand dollars (\$80,000.00) of the capital stock of said Kansas City, Mexico and Orient Railway company, one-half (1/2) common and one-half (1/2) of preferred stock.

And said board of county commissioners further ordered that, when said railway company has complied with the conditions stated in said petition, that then the chairman of the board of county commissioners, and the county clerk of said county, shall duly sign, attest, issue and deliver to the said Kansas City, Mexico and Orient Railway company, its successors or assigns, the bonds of said county in said amount in all respects as required by said petition.

Said board of county commissioners further ordered that the form of ballot to be used at said special election should be in the form stated in said petition, and that said special election should be called, held, the returns thereof made and canvassed, and the result declared, in all respects as provided by law for the holding of general elections.

And it was further ordered by said board of county commissioners that legal notice of said special election be published in one or more newspapers of general circulation in said county of Sedgewick, one of which shall be the official county paper.

Wherefore, the board of county commissioners of Sedgewick county, Kansas, hereby give public notice that said special election shall be held in said Sedgewick county at the usual and legal voting places

AGAINST REVISED VERSION

Missouri Episcopalians Prefer the Old Text For Church Use

St. Louis, May 27.—After two days discussion of the matter the Episcopal diocesan convention of Missouri, by a good majority voted against the use of the revised version of the Bible in the prescribed service of the church. Laymen were stronger than the clergy in making the vote decisive. The clergy vote was 12 for the revised version and 13 against, and that of the laity 3 for and 35 against.

The matter came before the convention in a communication from the diocese of California asking that the Missouri diocese concur in the petition to the general convention asking the permissive use of

the revised version in the prescribed service of the church.

The argument of Rev. Dr. A. Holland of St. Louis had much to do in bringing about this decisive vote. Dr. Holland's argument was that the Bible was a poetic book, not a book of scientific accuracy; that the Greek language was fitted to convey the original text of the new testament and that the English spoken in King James' time was likewise the choice vehicle of the inspired persons. It was an insult, he said, for any one to offer his altered text of Shakespeare. The same attitude he maintained toward the Bible.

St. Petersburg, May 26.—Chin Pong Yi, the Korean minister to Boston, before leaving the capital said in an interview that his departure had nothing to do with the diplomatic relations between Russia and Korea. He leaving St. Petersburg, where he has many friends, was purely on private business, and he did not expect to return to Korea for some time. The minister disclaimed having any information from the seat of war beyond that contained in the newspaper reports.

Ann Arbor, Mich., May 26.—Prof. William H. Potter, senior professor of mining engineering at the University of Michigan, dropped dead tonight.

Daily Eagle, Delivered, 10c Per Week.

Gigantic Purchase of Tailor-Made Skirts

The People Are Amazed at the Wonderful--we can safely say--Phenomenal Bargains

The Ladies' Toggery Shop is offering, as the result of its big purchase of the Star Skirt Co. surplus stock of Skirts at about 50 cents on the dollar. IT WILL BE--IT IS ALREADY--THE GREATEST SALE THE LADIES' TOGGERY SHOP HAS EVER HAD. Created by the irresistible force of a daring purchase and a magnificent stock, coupled with this store's reputation, which stands pre-eminently alone as Wichita's fair and square dealing Ladies' Furnishing Goods Store, which advertises what it has and exactly as it is.

Remember, We Paid 50c on the Dollar for One Thousand Tailor-Made Skirts

We are now selling this stock and, no matter how small the price may seem for these high grade garments, we positively sell nothing but the very best and down-to-the-minute styles of Tailor-Made Skirts. Under no circumstances do we allow inferior qualities in our store. Extreme backwardness of the season is responsible for this emphatic price-cutting.

MRS. L. K. BROWN LADIES' TOGGERY SHOP 134 N. MAIN STREET
